This Sabbath's Featured offering: Church Budget

Today's offering is for Church Budget.

“And His name, through faith in His name, has made this man strong, whom you see and know. Yes, the faith which comes through Him has given him this perfect soundness in the presence of you all” (Acts 3:16, NKJV). In the book of Acts, Jesus' followers were given incredible power through Jesus to heal people! How amazing is that?

The scriptures teach us about our all-powerful God who desires to work through us. Prayerfully consider your gift to the ministry and mission of Eastgate Adventist Church.

Church Facility Beautification

There are aspects of our church facility that have become worn through years of heartfelt, effective ministry. If these walls could speak, the stories of changed lives they could tell!

We have voted to update and repair a number of things around the facility:

| | |
|---|-------------------------------|
| Parking Lot Resurface, Reseal and Striping: | \$176,038.50 (work completed) |
| Water Line Repair: | 7,405.20 (work completed) |
| Concrete Repair and addition: | 7,300.00 (work completed) |
| Worn Carpet Replacement: | 58,898.14 |
| Lobby Window Glass Replacement: | 2,626.67 |
| Entrance Door Security Updates: | 8,000.00 |

Because of your faithful, mission-minded generosity we have already raised \$87,572.11! This is awesome! If you would like to support this vision of making God's Worship and Ministry Center more appealing and usable you can mark your offering "*Facility Beautification*" and it will go toward this process. **Thanks for your ministry-minded support!**

| <u>Financial Report</u> | <u>RECEIVED</u> | <u>GOAL</u> | <u>NEED</u> |
|------------------------------|-----------------|-------------|--------------|
| Facility Beautification | \$ 87,572.11 | \$260,000 | \$172,427.89 |

Report by Stan Maxted

New Carpet Coming in February

New carpet has been ordered and we look forward to starting the installation Monday, February 12, 2024.

Each week for a series of four weeks we will have installers working in the following areas with the goal of completing one area each week:

- Main Hallway including the currently carpeted areas of the restrooms.
- Fellowship Hall [does not include the Youth Room or the Kitchen area]
- Office Hallway including the Mother’s Room along with the hallway and including the copier room.
- The stairway down to and including the Primary classroom.

While carpet is removed, the concrete floor is cleaned and prepared we need to have absolutely no foot traffic in the work zones. We will be working to coordinate with the Pathfinders during that time period for alternative locations of their meetings.

Each Monday will start a new area and by Friday each area should be finished. We will post in the bulletin each week which area will be occupied for that following week. We appreciate and look forward to your assistance and cooperation during this time.

Practicing for the New Carpet

Several members have mentioned to the custodian the amount of muddy foot prints that have arrived on our church carpets. We would request that we all start practicing for our new carpet by checking and double checking our shoes so we are not tracking winter mud indoors. Thank you for doing this for our adults and our children 😊

Expect our Hallways to be Changing

In preparation for our new carpet there will be some work done on the walls of our hallways. The carpet base will be removed and walls and ceilings will receive a fresh coat of paint. This next week, the doors of the education wing will be masked off. There may be odor from paint and adhesives but we will do our best to air that out. Thank you for helping us care for these newly painted surfaces as they arrive!

New Lights in our Classroom Wing

Are you an astute observer? Maybe you noticed that something has changed about our classroom, hallway, fellowship room/kitchen and restroom lighting?

Approximately a year ago we received a donation of about 100; T-8 LED replacement lamps for our fluorescent lighting fixtures. During the autumn of 2023 our maintenance man has been converting our lighting from the old fluorescents to the new LED system. The result has been a reduction of wattage used for our lighting. Where previously each tube consumed approximately 32 watts of energy [32w x 100 tubes = 3,200 watts per hour], now for each tube we are consuming 12.5watts. [12.5w x 100 bulbs = 1,250 watts per hour] A savings of 1,950 watts per hour when all classrooms are being used.

Another positive thing you may notice will be the lack of “flickering” lamps. Also, all lamps throughout the education wing are the same color (color tone, “soft light”, “warm light” etc.). There are three small areas which remain yet to be converted from fluorescent to LED. These areas are expected to be finished about mid-February.

Just a few of the items and areas where work has been or will shortly be taking place.

~ Thank you for your interest and support ~
